Purpose

Since 1911, Kingsthorpe State School has emphasised that “**Education is Life**” to those students from the Kingsthorpe community who have attended this fine school. Our school provides a high-quality education to the students of the district. We believe that strong, positive relationships between all members of our school are the foundation to supporting the success of all students.

Kingsthorpe State School has three core values or expectations: **Be Safe, Be Respectful, Be Responsible**. These expectations have been used in the development of this Student Code of Conduct with the aim of helping shape and build the skills of our students to be respectful, responsible and caring young people. Our school staff believe that communication and positive connections with other people are the most valuable skills our communities need-now and into the future.

School Motto: *Education is Life*

We are guided by the Department of Education’s ***Equity and Excellence Strategy***, realising the potential of every student.

Kingsthorpe State School staff take an educative approach to discipline and believe that behaviour can be taught and that mistakes are opportunities for everyone to learn. Our school’s Student Code of Conduct provides an overview of the school’s policies on the use of mobile phones and other technology, removal of student property and approach to preventing and addressing bullying. It also details the steps school staff take to educate students about these policies and how students are taught the expected behaviours. Finally, it details the consequences that may apply when students breach the expected standards of behaviour, including the use of suspension or exclusion.

Students, teachers and parents have collaborated in the updating of our Student Code of Conduct for 2025-27. It provides a clear explanation of what we expect from students and how will support them to meet those expectations. On behalf of our school, thank-you for your continued support.

Kind regards
Colin Thompson

Principal – Kingsthorpe State School

Purpose and Data Overview

Kingsthorpe State School is committed to providing a safe, respectful and disciplined learning environment for all students, staff, parents and visitors. We strive to ensure students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing.

The Kingsthorpe State School Code of Conduct sets out the responsibilities and processes we use in our school to promote a productive, effective whole school approach to discipline. It is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

At Kingsthorpe State School we use a number of key measures related to student discipline, safety and wellbeing. Data sets include but are not limited to, the School Opinion Survey, which is an annual collection designed to obtain the views of parents/caregivers, students and school staff from each school on what they do well and how they can improve. There are four different surveys: parent, student, staff, principal. Opinions of the school, student learning, and student wellbeing are sought from all families along with a sample of students. Opinions of the school as a workplace are sought from all school staff and principals.

Students in Years 4-6 also participate in the Queensland Engagement and Wellbeing Survey. This survey collects data in a consistent and systematic way to gain a better understanding of the wellbeing and engagement of students. It measures many aspects of students' wellbeing, engagement and experience at school.

Kingsthorpe State School is a Positive Behaviour for Learning (PBL) school. Staff analyse OneSchool Behaviour data including positive behaviours and incidents of inappropriate behaviour recorded by staff. Parents/carers requesting access to the information on OneSchool must submit a written request to the Principal to access records held by a school.

The purpose of the Student Code of Conduct is to facilitate high standards of behaviour from all in the school community, ensuring learning and teaching in our school is prioritised, where all students are able to experience success and staff enjoy a safe workplace.

Consultation

The consultation process used to inform the updating of the Kingsthorpe State School Student Code of Conduct occurred across Semester 2, 2024 and in Term 1 2025.

In Semester 2, 2024 staff were consulted during staff meetings to identify strengths and weaknesses of the existing document and areas for improvement. A particular focus on the need to update the Behaviour Flowchart and clearly articulate the process for managing behaviour incidents was highlighted. Staff also provided feedback on each of the sections in the Code of Conduct to ensure they reflected current practice and policy.

The consultation process used to update this version Student Code of Conduct also included discussions with students around reinforcer menus/rewards days and what they would like to see included.

The draft was tabled at the P&C meeting on 19 February 2025. Parents were invited to view the draft prior to the tabling of the Student Code of Conduct at the P&C Meeting on 19 March 2025 for endorsement and publication on the School Website.

We will offer discussion upon student enrolment around the Student Code of Conduct. Any families who require assistance to access a copy of the Kingsthorpe State School Student Code of Conduct are encouraged to contact the Principal. The Kingsthorpe State School Student Code of Conduct will undergo annual updates to reflect changing circumstances, data and staff. A review will be conducted every four years in line with the School Review.

Whole School Approach to Discipline

Kingsthorpe State School uses Positive Behaviour for Learning (PBL) as the multi-tiered system of support for discipline in the school. This is a whole-school approach, used in all classrooms and programs offered through the school, including sporting activities and excursions.

PBL is an evidence-based framework used to:

- analyse and improve student behaviour and learning outcomes
- ensure that only evidence-based practices are used correctly by teachers to support students
- continually support staff members to maintain consistent school and classroom improvement practices.

At Kingsthorpe State School we believe discipline is about more than issuing consequences. It is a word that reflects our belief that student behaviour is a part of the overall teaching and learning approach in our school. Our staff take responsibility for making their expectations clear, for providing supportive instruction about how to meet these expectations and strive to use behavioural incidents as opportunities to re-teach.

The development of the Kingsthorpe State School Student Code of Conduct is an opportunity to explain the PBL framework with parents and students, and gain their support to implement a consistent approach to teaching behaviour. The language and expectations of PBL can be used in any environment, including the home setting for students. Doing everything we can to set students up for success is a shared goal of every parent and school staff member.

Any students or parents who have questions or would like to discuss the Student Code of Conduct or PBL are encouraged to speak with the class teacher or make an appointment to meet with the Principal.

PBL Expectations

All areas of Kingsthorpe State School are learning and teaching environments. We consider behaviour management to be an opportunity for valuable social learning as well as a means of maximising the success of academic education programs. Our school-wide framework for managing behaviour is Positive Behaviour for Learning.

The Kingsthorpe State School Student Code of Conduct outlines our system for facilitating positive behaviours, preventing challenging behaviour and responding to unacceptable behaviours. Through our school plan, shared expectations for student behaviour are clear to everyone, assisting Kingsthorpe State School to create and maintain a positive and productive learning and teaching environment, where ALL school community members have clear and consistent expectations and understandings of their role in the educational process.

Our school community has identified the following school expectations to teach and promote our high standards of responsible behaviour:

- **Be Safe**
- **Be Respectful**
- **Be Responsible**

Universal Behaviour Support

The first step in facilitating standards of positive behaviour is communicating those standards to **all** students. At Kingsthorpe State School we emphasise the importance of explicitly teaching students the behaviours we want them to demonstrate at school. Communicating behavioural expectations is a form of universal behaviour support - a strategy directed towards **all** students which is designed to teach expected behaviours, and to provide a framework for responding to unacceptable behaviour.

A set of behavioural expectations in specific settings has been attached to each of our three school expectations. The Schoolwide Expectations Teaching Matrix below outlines our agreed rules and specific behavioural expectations in all school settings.

KINGSTHORPE STATE SCHOOL - EXPECTATIONS MATRIX

*To be a learner at Kingsthorpe,
everyone in our school is committed to providing a safe, respectful and responsible environment for all,
leading to quality behaviour and academic success.*

AT KINGSTHORPE STATE SCHOOL, WE ARE SAFE, RESPECTFUL AND RESPONSIBLE.

BE SAFE		BE RESPECTFUL			BE RESPONSIBLE		
Keep hands and feet to yourself Use objects the way they were intended		Manners matter Follow staff directions first time, every time			Keep all belongings tidy Learning and toilet areas are clean and calm		
EXPECTATIONS	ALL AREAS	LEARNING SPACES	PLAYGROUND / HALL	TRANSITIONS	EATING AREAS/ TUCKSHOP	PERSONAL HYGIENE/TOILETS	EXCURSIONS/ OFF CAMPUS
BE SAFE	<ul style="list-style-type: none"> Hands, feet and objects to yourself Be in the right place at the right time Stay in correct areas Use equipment as intended Ask permission to leave 	<ul style="list-style-type: none"> Only be in a room with a teacher present Walk in the classroom Keep learning areas tidy Use equipment safely 	<ul style="list-style-type: none"> Play school approved games Wear shoes and hat We stop play when the first bell rings 	<ul style="list-style-type: none"> Walk at all times on hard surfaces Move patiently Carry objects with care We walk with our hat on our head 	<ul style="list-style-type: none"> Eat your own food Sit for eating time 	<ul style="list-style-type: none"> Use toilets, paper and taps as intended 	<ul style="list-style-type: none"> Stay with your teacher/instructor Stay sitting while on the bus Follow instructions Wear hat and shoes as instructed
BE RESPECTFUL	<ul style="list-style-type: none"> Keep the school tidy Use kind actions, words and manners Look and listen when others speak Allow personal space Be tolerant of others 	<ul style="list-style-type: none"> Raise your hand and wait to speak Use an appropriate voice Knock then wait to be invited into a room Cooperate with others Allow my classmates to learn 	<ul style="list-style-type: none"> Solve problems with polite words and tone Show good sportsmanship 	<ul style="list-style-type: none"> Be quiet and calm Walk to the left We acknowledge others' personal space 	<ul style="list-style-type: none"> Place rubbish in bins as directed Wait to be dismissed 	<ul style="list-style-type: none"> Help keep toilets clean for others Use toilet equipment correctly 	<ul style="list-style-type: none"> Use your manners Care for all property Show pride in yourself and our school Wear correct school uniform as directed
BE RESPONSIBLE	<ul style="list-style-type: none"> Follow staff directions Wear approved uniform Own your actions and words Care for property Only bring approved items from home Always give your best effort 	<ul style="list-style-type: none"> Be ready for every lesson, every day Ask for help when needed Try to learn something new in every lesson (never give up) We accept responsibility for our choices 	<ul style="list-style-type: none"> Return equipment to the correct place Follow game rules We use play equipment as intended 	<ul style="list-style-type: none"> Quiet class lines every time Go straight there and straight back 	<ul style="list-style-type: none"> Zip/close lunchbox when we have finished eating Use a talking voice Wait in line patiently 	<ul style="list-style-type: none"> Use toilets before eating and during breaks Use the correct toilets We go straight in, do what we need to do, then leave. 	<ul style="list-style-type: none"> Look after equipment Care for others

These expectations are communicated to students via a number of strategies, including:

- Behaviour lessons conducted by classroom teachers;
- Reinforcement of learning from behaviour lessons at School Parades and during active supervision by staff during classroom and non-classroom activities.

Kingsthorpe State School implements the following proactive and preventative processes and strategies to support student behaviour:

- A dedicated section of the school newsletter, enabling parents to be actively and positively involved in school behaviour expectations.
- School Behaviour Leadership team members' regular provision of information to staff and parents, and support to others in sharing successful practices.
- Comprehensive induction programs in the Kingsthorpe State School's Student Code of Conduct for Students delivered to new students as well as new and relief staff.
- Behaviour Support Plans developed for students with high behavioural needs, enabling staff to make the necessary adjustments to support these students consistently across all classroom and non-classroom settings.

Specific policies have been developed to address:

- The Use of Personal Technology Devices at School;
- Procedures for Preventing and Responding to Incidents of Bullying;
- Appropriate Use of Social Media

Reinforcing expected school behaviour

At Kingsthorpe State School, communication of our key messages about behaviour is backed up through reinforcement, which provides students with feedback for engaging in expected school behaviour. A formal recognition and monitoring system has been developed. This reinforcement system is designed to increase the quantity and quality of positive interactions between students and staff. All staff members are trained to give consistent and appropriate acknowledgement and rewards.

Kingsthorpe State School 'Super Doopers'

Positive behaviour choices demonstrated by individual students can be recognised through our Super Dooper Ticket System. Staff members hand out 'Super Doopers' to students when they observe them following school rules in both classroom and non-classroom areas. This reinforcement occurs continually throughout the day. When they 'catch' a student following the rules they can give them a 'Super Dooper' token. Students given a 'Super Dooper' token 'bank' them into either a personal 'bank passbook' or trade them in for Dojo points.

At regular intervals students are given the opportunity to redeem their tokens for either an intrinsic or extrinsic 'reward'. 'Super Dooper' tokens are **never** taken from students as a consequence for unacceptable behaviour.

Some classrooms have specific class rewards that are negotiated by the class teacher. The criteria and process used to issue these rewards are communicated to parents through a parent information letter sent home at the beginning of the year.

Class Dojo

Some classes choose to record student points through Class Dojo. These points are given in the same manner as Super Doopers. Students who receive Super Doopers in the playground or by staff members convert these into Dojo Points. Students gain 'points' when they are observed following the school rules in the classroom. These points can be accumulated and used towards either intrinsic or extrinsic 'rewards'.

1000 Club Award

When students reach 1000 points, they will receive a certificate on Parade.

Student of the Week

Each week one student from each class is recognised for appropriate positive academic work or effort, positive social interactions or positive behaviour. This student is presented with a reading book as well as a certificate signed by the Principal and Classroom Teacher, on Parade.

Weekly Expectations Postcards

Classroom teacher acknowledge students who have been following Kingsthorpe State School's school values each week by awarding students with postcards. These postcards then determine which students are eligible for Celebration Day

Celebration Day

As part of the whole school behaviour process, students are acknowledged with a weekly postcard for following all Kingsthorpe State School values. Celebration levels are linked to a points system based on behaviours shown by your child.

Gold Level : 0-1 points Silver Level: 2-7 points Bronze Level: 8+ points	Minor behaviours = 1 point Major behaviours = 3 points Suspension = Bronze Level Absent for week: No postcard
--	---

Parents will be contacted by a staff member for major behaviour incidents. Students will be aware of their level by the beginning of Week 10. Celebration Days will take place on a day in Week 10.

Responding to Unacceptable Behaviour

1. Re-directing low-level and infrequent unacceptable behaviour

When a student exhibits low-level and infrequent unacceptable behaviour, the first response of school staff members is to remind the student of expected school behaviour, then discuss with them how to change their behaviour so that it aligns with our school's expectations.

Our preferred way of re-directing low-level problem behaviour is to ask them to think of how they might be able to act more safely, more respectfully or more responsibly. This encourages students to reflect on their own behaviour, evaluate it against expected school behaviour, and plan how their behaviour could be modified so as to align with the expectations of our school community.

2. Targeted behaviour support:

Each year, a small number of students at Kingsthorpe State School are identified through our data as needing a little bit extra in the way of targeted behavioural support. In most cases, the unacceptable behaviours of these students may not be immediately regarded as severe, but the frequency of their behaviours may put these students' learning and social success at risk if not addressed in a timely manner.

Classroom teachers, in consultation with the Principal and the PBL team, may place the student on a 'Behaviour Contract' – in which daily behaviours are recorded and sent home to the parents to view. The benefit of these 'contracts' is it records the success of students managing targeted behavioural challenges (see Appendix 2 for an example).

Students requiring more support are discussed at the PBL team meetings (held regularly) and ideas for responding to their needs are shared. Strategies to support them include (with parent permission and input) referrals to the Guidance Officer, School Chaplain, School Psychologist, the Regional Behaviour Support team, external agencies and in some instances referrals to doctors and paediatricians.

3. Intensive behaviour support: Behaviour Support Team

Kingsthorpe State School is committed to educating all students, including those with the highest behavioural support needs. We recognise that students with highly complex and challenging behaviours need comprehensive systems of support. The *Intensive Behaviour Support Team*:

- facilitates a Functional Behaviour Assessment for appropriate students;
- works with other staff members to develop appropriate behaviour support strategies;
- monitors the impact of support for individual students through ongoing data collection;
- makes adjustments as required for the student; and
- works with the School Behaviour Leadership Team to achieve continuity and consistency.

The *Intensive Behaviour Support Team* has a simple and quick referral system in place. Following referral, a team member contacts parents and any relevant staff members to form a support team and begin the assessment and support process. In many cases the support team also includes individuals from other agencies already working with the student and their family, a representative from the school's administration and regional behavioural support staff.

Consequences for unacceptable behaviour

Kingsthorpe State School makes systematic efforts to prevent unacceptable student behaviour by teaching and reinforcing expected behaviours on an ongoing basis. When unacceptable behaviour occurs, students experience predictable consequences. Our school seeks to ensure that responses to unacceptable behaviour are consistent and proportionate to the nature of the behaviour. One School is used to record all minor and major unacceptable behaviours. The recording of three minor behaviours of the same category constitutes a major behaviour.

Minor and major behaviours

When responding to unacceptable behaviour, the staff member first determines if the unacceptable behaviour is major or minor, with the following agreed understanding:

- **Minor** unacceptable behaviour is handled by staff members at the time it happens.
- **Major** unacceptable behaviour is referred directly to the school Administration Team either directly or through One School.

Minor behaviours are those that:

- are minor breeches of the school rules;
- do not seriously harm others or cause you to suspect that the student may be harmed;
- do not violate the rights of others in any other serious way;
- are not part of a pattern of problem behaviours; and
- do not require involvement of specialist support staff or Administration.

Minor unacceptable behaviours may result in the following consequences:

- a minor consequence that is logically connected to the unacceptable behaviour, such as complete removal from an activity or event for a specified period of time, partial removal (time away), individual meeting with the student, apology, restitution or detention for work completion.
- a re-direction procedure. The staff member takes the student aside and:
 1. names the behaviour that the student is displaying;
 2. asks the student to name expected school behaviour;
 3. states and explains expected school behaviour if necessary; and
 4. gives positive verbal acknowledgement for expected school behaviour.

Major behaviours are those that:

- significantly violate the rights of others;
- put others / self at risk of harm; and
- require the involvement of school Administration.

Major behaviours result in an immediate referral to Administration because of their seriousness. When major unacceptable behaviour occurs, staff members calmly state the major unacceptable behaviour to the student and remind them of the expected school behaviour. The staff member then either escorts the student to Administration or phones detailing an alternative. The staff member then enters the incident on One School.

Major unacceptable behaviours may result in the following consequences:

- **Level One:** Time in office, removal to buddy classroom, alternate lunchtime activities, loss of privilege, restitution, loss of break times, warning regarding future consequence for repeated offence;
- **Level Two:** Parent contact, referral to Guidance Officer, referral to Intensive Behaviour Support Team, suspension from school: and/or
- **Level Three:** Students who engage in very serious unacceptable behaviours such as major violent physical assault, or the use or supply of weapons or drugs can expect to be recommended for exclusion from school following an immediate period of suspension.

Relate unacceptable behaviours to expected school behaviours

When responding to unacceptable behaviours, staff members ensure that students understand the relationship of the unacceptable behaviour to expected school behaviour. One method that staff members might use to achieve this is to have students:

- articulate the relevant expected school behaviour;
- explain how their behaviour differs from expected school behaviour;
- describe the likely consequences if the unacceptable behaviour continues; and
- identify what they will do to change their behaviour in line with expected school behaviour.

Should an unacceptable behaviour be repeated, the staff member may not repeat the discussion/explanation process but simply remind the student of the consequences of their unacceptable behaviour.

Ensuring consistent responses to unacceptable behaviour

At Kingsthorpe State School, staff members are authorised to issue consequences for unacceptable behaviour and are provided with appropriate professional development and/or training. Through training activities, we work to ensure consistent responses to unacceptable behaviour across the school.

Students also receive training in how to respond appropriately when other students display unacceptable behaviour, and the courteous way to respond when a staff member re-directs their behaviour or consequences are applied for unacceptable behaviour.

Kingsthorpe State School
Behaviour Management Flowchart

POSITIVE PATHWAY

Students will receive Super Doopers and Dojo points when they have been observed to be following our school expectations of being Safe, Respectful and Responsible.

SHORT TERM

Students who are consistently following our school expectations will receive a Positive Postcard each week.

MEDIUM TERM

At the end of the term students will participate in celebration day, where they will attend either: gold, silver or bronze celebrations based on student behaviour record.

Kingsthorpe State School

Behaviour Management Flowchart

MINOR BEHAVIOUR FLOWCHART

Minor Behaviours are any behaviour that are minor breeches of the school expectations and are not part of a pattern of problem behaviours. These behaviours require the support of the classroom teacher and do not require involvement of Admin.

DEFIANCE

Student refuses to follow directions given by school staff.

DISRESPECT

Student intentionally delivers social rude or dismissive messages to adults or students.

DISRUPTION

Student engages with behaviour causing an interruption in a class or school activity.

HARRASSMENT

Student engages in the delivery of harmful messages in any format.

PHYSICAL AGGRESSION

Student intentionally engages in actions involving physical contact with other where injury may occur.

PROPERTY MISUSE CAUSING RISK TO OTHERS
Student engages in misuse of property which may cause risk of injury or ill-health to others, this includes throwing or using objects in an unsafe way.

PROPERTY DAMAGE

Student participates in activity that results in destructions, damage or disfigurement of property.

ESCM Language of Expectations and Language of Acknowledgement

- Establishing Expectations
- Giving instructions
- Waiting and scanning
- Cueing with parallel acknowledgment
- Body language encouraging
- Descriptive encouraging

Language of Correction

- Selective attending
- Redirection to task
- Giving a choice (must related to expected outcome)

Follow Through

- Reflection time in location
- Redirection back to task/activity

- Staff member to record minor in OneSchool.
- If behaviour continues refer to Major Behaviour Flowchart

Kingsthorpe State School Behaviour Management Flowchart

MAJOR BEHAVIOUR FLOWCHART

Major Behaviour significantly violate the rights or safety of others, and may be one-off or repeated. Examples may include abusive language, and repeated disruption to learning, bullying, major aggression.

BULLYING

Student engages in deliberate verbal, physical and/or social behaviour intended to cause ongoing physical, social and/or psychological harm. This can occur in person or online.

DEFIANCE

Repeated refusal to follow directions given by school staff. Repeated refusal to engage with set tasks. Leaves classroom without permission.

DISRESPECT

- High intensity use of inappropriate or offensive language.

DISRUPTION

Repeated or sustained inappropriate/disruptive behaviour

- Yelling or screaming
- Significant interference with the teaching/learning process

HARRASSMENT

Repeated or sustained delivery of harmful messages in any format.

PHYSICAL AGGRESSION

Intentional inappropriate physical contact which results in injury or offense to another person/s.

PROPERTY MISUSE CAUSING RISK TO OTHERS

Student engages in misuse of property which may cause risk of injury or ill-health to others, this includes throwing or using objects in an unsafe manner causing injury.

PROPERTY DAMAGE

Inappropriate use/treatment of equipment/objects resulting in damage.

- Call administration for assistance
- Remove other students if their safety is compromised

- Staff member to gather as much information as possible in a timely manner
- Staff member to record on OneSchool and refer relevant staff
- Parents to be contacted

- ACTION TAKEN BY ADMIN

The following table outlines examples of minor and major unacceptable behaviours:

SELECT ONLY THE MAIN BEHAVIOUR-the **worst not the first. The first may be the antecedent. (ABC)**

BULLYING	DEFIANCE	DISRESPECT
Student engages in deliberate verbal, physical and/or social behaviour intended to cause ongoing physical social and/or psychological harm. Bullying can occur in person, or online (cyberbullying). Bullying may be obvious or hidden.	Student refuses to follow directions given by school staff.	Student intentionally delivers socially rude or dismissive messages to adults or students.
<u>MINOR</u> Nil	<u>MINOR</u> <u>Refusal to follow directions given by school staff</u> <ul style="list-style-type: none"> • “No” • “You can’t make me” • Not following through with staff request • Arms folded, head on desk • Pattern of requiring to leave the class during that particular activity/KLA 	<u>MINOR</u> <u>Low intensity use of inappropriate or offensive language</u> <ul style="list-style-type: none"> • Low level swearing (shut up) • Name calling • Arguing back with the teacher
<u>MAJOR</u> <u>Repeated/targeted behaviour where power is used over another</u> <ul style="list-style-type: none"> • Name calling – ‘idiot’ • Threats – ‘I’m going to bash you’ • Social exclusion – ‘you can’t play with us’ • Deliberate destruction of game/sand play • Gang behaviour • Stand over tactics • Threats 	<u>MAJOR</u> <u>High intensity</u> <ul style="list-style-type: none"> • Repeatedly and/or defiantly refusing to follow directions given by staff. • Repeatedly and/or defiantly refusing to engage with the curriculum/set tasks • Leave classroom without permission as a response to task 	<u>MAJOR</u> <u>High intensity use of inappropriate or offensive language</u> <ul style="list-style-type: none"> • Swearing • Discriminatory language

DISRUPTION	HARASSMENT	PHYSICAL AGGRESSION
Student engages in behaviour causing an interruption in a class or school activity or event. Disruption includes sustained loud talk, yelling, or screaming; noise with materials; and/or sustained out-of-seat behaviour.	Student engages in the delivery of harmful messages in any format related to gender identity; ethnicity; sex; race; religion; disability; physical features or other identity characteristics.	Student intentionally engages in actions involving physical contact with others where injury may occur (e.g., hitting, slapping, punching, hitting with an object, kicking, hair pulling, scratching, etc.). This includes premeditated acts or incitement of others to undertake physical aggression. Physical aggression may be directed towards peers, adults, visitors or animals; or flora or fauna.
<p><u>MINOR</u></p> <p><u>Low level behaviour that interrupts teaching/learning</u></p> <ul style="list-style-type: none"> • Calling out/deliberate noises • Throwing objects around the room 	<p><u>MINOR</u></p> <p><u>Student engages in the delivery of a harmful message in any format</u></p> <ul style="list-style-type: none"> • Passing of a note in class • Passing gossip intended to hurt another 	<p><u>MINOR</u></p> <p><u>Inappropriate/targeted physical contact that does not result in injury</u></p> <ul style="list-style-type: none"> • Pushing past others • Pulling at others clothing • Throwing stones at fauna • Vandalising gardens
<p><u>MAJOR</u></p> <p><u>Repeated or sustained inappropriate/disruptive behaviour</u></p> <ul style="list-style-type: none"> • Yelling/screaming • Repeated noises with/without object • Continually out of seat without permission • Significant interference with the teaching/learning process 	<p><u>MAJOR</u></p> <p><u>Repeated or sustained delivery of harmful messages in any format</u></p> <ul style="list-style-type: none"> • Repeated passing of notes • Repeating slander to defame • Repeated trolling 	<p><u>MAJOR</u></p> <p><u>Intentional inappropriate physical contact which results in injury or offense to another person/s</u></p> <ul style="list-style-type: none"> • Hitting/Punching • Kicking • Tripping • Scratching • Wrestling • Hair pulling • Spitting • Intentional hitting with object e.g., hat, lunchbox

PROPERTY MISUSE CAUSING RISK TO OTHERS	PROPERTY DAMAGE
<p>Student engages in misuse of property which may cause a risk of injury or ill-health to others. Behaviour involving throwing objects or using objects in an unsafe manner causing injury.</p>	<p>Student participates in an activity that results in destruction, damage or disfigurement of property.</p>
<p style="text-align: center;"><u>MINOR</u></p> <p><u>Student engages in misuse of property which may cause a risk of injury or ill-health to others.</u></p> <ul style="list-style-type: none"> • Pulling apart sharpener to remove blade • Pulling apart scissors and other sharp items such as compass • Putting soap on the floor to intentionally cause someone to slip • Misuse of paper towel and toilet paper • Hanging off goal posts • Deliberately throwing sports equipment at another 	<p style="text-align: center;"><u>MINOR</u></p> <p><u>Inappropriate use/treatment of equipment/objects resulting in damage</u></p> <ul style="list-style-type: none"> • Mistreating class/sports resources • Swinging on chairs • Using someone else property without permission • Throwing items on the roof • Kicking or pushing over desk/tables/chair • Soap on floor or mirror
<p style="text-align: center;"><u>MAJOR</u></p> <p>Student engages in behaviour involving throwing objects or using objects in an unsafe manner causing injury.</p> <ul style="list-style-type: none"> • Pulling a chair out or away from someone as they sit down • Pulling apart pencil sharpener to remove blade with intent to use against self or another • Pulling apart scissors and other sharp items such as compass with intent to use against self or another 	<p style="text-align: center;"><u>MAJOR</u></p> <p><u>Inappropriate use/treatment of equipment/objects resulting in damage</u></p> <ul style="list-style-type: none"> • Graffiti • Theft • Property breakage • Shoving toilet rolls down toilet

Critical Incidents

It is important that all school staff have a consistent understanding of how to respond in emergencies involving student behaviour that seriously endangers the student or others. This consistency ensures that appropriate actions are taken to ensure that both students and staff are kept safe.

A critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action (e.g. in the community, on the road). The aim in these situations is to bring the behaviour of the student under rapid and safe control. It is not a time to try and to punish or discipline the student; it is a crisis management period only.

Staff should follow the documented plan for any student involved in regular critical incidents, which should be saved and available for staff to review in OneSchool.

For unexpected critical incidents, staff should use basic defusing techniques:

- 1. Avoid escalating the unacceptable behaviour:** Avoid shouting, cornering the student, moving into the student's space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language.
- 2. Maintain calmness, respect and detachment:** Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally.
- 3. Approach the student in a non-threatening manner:** Move slowly and deliberately toward the challenging situation, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates.
- 4. Follow through:** If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students' attention towards their usual work/activity. If the student continues with the unacceptable behaviour, then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour.
- 5. Debrief:** At an appropriate time when there is low risk of re-escalation, help the student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations

Consideration of Individual Circumstances

Staff at Kingsthorpe State School take into account students' individual circumstances, such as their behaviour history, disability, mental health and wellbeing, religious and cultural considerations, home environment and care arrangements when teaching expectations, responding to inappropriate behaviour or applying a disciplinary consequence.

In considering the individual circumstances of each student, we recognise that the way we teach, the support we provide and the way we respond to students will differ. This reflects the principle of equity, where every student is given the support they need to be successful. This also means that not everyone will be treated the same, because treating everyone the same is not fair. For example, some students need additional support to interpret or understand an expectation. Others may benefit from more opportunities to practise a required skill or behaviour. For a small number of students, the use of certain disciplinary consequences may be considered inappropriate or ineffective due to complex trauma or family circumstances. These are all matters that our teachers and Principal

consider with each individual student in both the instruction of behaviour and the response to behaviour.

Our teachers are also obliged by law to respect and protect the privacy of individual students, so while we understand the interest of other students, staff and parents to know what consequence another student might have received, we will not disclose or discuss this information with anyone but the student's family. This applies even if the behavioural incident, such as bullying, involves your child. You can be assured that school staff take all matters, such as bullying, very seriously and will address them appropriately. We expect that parents and students will respect the privacy of other students and families.

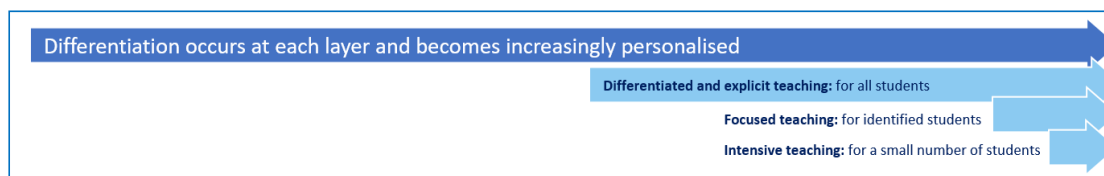

If you have concerns about the behaviour of another student at the school, or the way our staff have responded to their behaviour, please make an appointment with the Principal to discuss the matter.

Differentiated and Explicit Teaching

Kingsthorpe State School is a disciplined school environment that provides differentiated teaching to respond to the learning needs of all students. This involves teaching expected behaviours and providing opportunities for students to practise these behaviours. Teachers reinforce expected behaviours, provide feedback and correction, and opportunities for practise.

Teachers at Kingsthorpe State School vary what students are taught, how they are taught and how students can demonstrate what they know as part of this differentiated approach to behaviour. These decisions about differentiation are made in response to data and day-to-day monitoring that indicates the behavioural learning needs of students. This enables our teachers to purposefully plan a variety of ways to engage students; assist them to achieve the expected learning; and to demonstrate their learning.

There are three main layers to differentiation, as illustrated in the diagram below. This model is the same used for academic and pedagogical differentiation.

These three layers map directly to the tiered approach in the PBL framework. Tier 1 is differentiated and explicit teaching for all students, Tier 2 is focussed teaching for identified students and Tier 3 is intensive teaching for a small number of students. Each layer provides progressively more personalised supports for students.

Every classroom in our school uses the PBL Expectations Matrix, illustrated below, as a basis for developing their behaviour standards. Using this matrix, the class teacher works with all students to explain exactly what each of the expectations look, sound and feel like in their classroom. The completed matrix is on display in every classroom, used as the basis of teaching expectations throughout the year and revisited regularly to address any new or emerging issues.

Focused Teaching

Approximately 15% of all students in any school or classroom may require additional support to meet behaviour expectations, even after being provided with differentiated and explicit teaching. These students may have difficulty meeting behavioural expectations in a particular period of the day or as part of a learning area/subject, and focused teaching is provided to help them achieve success.

Focused teaching involves revisiting key behavioural concepts and/or skills and using explicit and structured teaching strategies in particular aspects of a behaviour skill. Focused teaching provides

students with more opportunities to practise skills and multiple opportunities to achieve the intended learning and expected behaviour.

Support staff, including teachers with specialist expertise in learning, language or development, work collaboratively with class teachers at Kingsthorpe State School to provide focused teaching. Focused teaching is aligned to the PBL Expectations Matrix, and student progress is monitored by the classroom teacher/s to identify those who:

- no longer require the additional support
- require ongoing focussed teaching
- require intensive teaching.

Kingsthorpe State School has a range of Student Support Network staff in place to help arrange and deliver focused teaching to students who need more support to meet expectations. In addition, the school invests in the following evidence-informed programs to address specific skill development for some students:

- Zones of Regulation
- Bella Girl
- A.D.A.M

Intensive Teaching

Research evidence shows that even in an effective, well-functioning school there will always be approximately 5% of the student population who require intensive teaching to achieve behavioural expectations. Intensive teaching involves frequent and explicit instruction, with individuals or in small groups, to develop mastery of basic behavioural concepts, skills and knowledge.

Some students may require intensive teaching for a short period, for particular behaviour skills. Other students may require intensive teaching for a more prolonged period. Decisions about the approach will be made based on data collected from their teacher/s, and following consultation with the student's family.

For a small number of students who continue to display behaviours that are deemed complex and challenging, then individualised, function-based behaviour assessment, support plans and multi-agency collaboration may be provided to support the student. This approach will seek to address the acute impact of barriers to learning and participation faced by students who are negotiating a number of complex personal issues.

In addition, the school invests in the following evidence-informed programs to address specific skill development for some students

- Functional Behaviour Assessment

Disciplinary Consequences

The disciplinary consequences model used at Kingsthorpe State School follows the same differentiated approach used in the proactive teaching and support of student behavioural expectations.

The majority of students will be confident and capable of meeting established expectations that are clear, explicitly taught and practised. In-class corrective feedback, rule reminders and consequences may be used by teachers to respond to low-level or minor unacceptable behaviours.

Some students will need additional support, time and opportunities to practise expected behaviours. Approximately 15% of the student population may experience difficulty with meeting the stated expectations, and even with focussed teaching, in-class corrective feedback, rule reminders and consequences, they may continue to display low-level unacceptable behaviour. A continued pattern of low-level behaviour can interfere with teaching and learning for the whole class, and a decision may be needed by the class teacher to refer the student to the School Administration Team immediately for determination of a disciplinary consequence.

For a small number of students, approximately 2-5%, a high level of differentiated support or intensive teaching is required to enable them to meet the behavioural expectations. This may be needed throughout the school year on a continuous basis. The determination of the need will be made by the principal in consultation with staff and other relevant stakeholders. On occasion the behaviour of a student may be so serious, such as causing harm to other students or to staff, that the Principal may determine that an out of school suspension or exclusion is necessary as a consequence for the student's behaviour. Usually, this course of action is only taken when the behaviour is either so serious as to warrant immediate removal of the student for the safety of others, and no other alternative discipline strategy is considered sufficient to deal with the unacceptable behaviour.

The differentiated responses to unacceptable behaviour can be organised into three tiers, with increasing intensity of support and consequences to address behaviour that endangers others or causes major, ongoing interference with class or school operations.

Differentiated

Class teacher provides in-class or in-school disciplinary responses to low-level or minor problem behaviour. This may include:

- Pre-correction (e.g. "Remember, walk quietly to your seat")
- Non-verbal and visual cues (e.g. posters, hand gestures)
- Whole class practising of routines
- Ratio of 5 positives to 1 negative commentary or feedback to class
- Corrective feedback (e.g. "Hand up when you want to ask a question")
- Rule reminders (e.g. "When the bell goes, stay seated until I dismiss you")
- Explicit behavioural instructions (e.g. "Pick up your pencil")
- Proximity
- Tactical ignoring of inappropriate behaviour (not student)
- Revised seating plan and relocation of student/s
- Individual positive reinforcement for appropriate behaviour
- Classwide incentives
- Reminders of incentives or class goals
- Redirection
- Low voice and tone for individual instructions
- 30 second 'take-up' time for student/s to process instruction/s

- Break down tasks into smaller chunks
- Provide positive choice of task order (e.g. "Which one would you like to start with?")
- Prompt student to take a break or time away from class (e.g. a walk/errand)
- Model appropriate language, problem solving and verbalise thinking process (e.g. "I'm not sure what is the next step, who can help me?")
- Provide demonstration of expected behaviour
- Peer consequence (e.g. corrective feedback to influential peer demonstrating same problem behaviour)
- Private discussion with student about expected behaviour
- Warning of more serious consequences (e.g. removal from classroom)
- Detention

Focused

Class Teacher is supported by other school-based staff to address unacceptable in-class behaviour. This may include:

- Individual student behaviour support strategies (e.g. Student Behaviour Plan)
- Targeted skills teaching in small group
- Token economy
- Detention
- Behavioural contract
- Counselling and guidance support
- Self-monitoring plan
- Check In, Check Out strategy
- Teacher coaching and debriefing
- Referral to Student Support Network for team-based problem solving
- Stakeholder meeting with parents and external agencies

Intensive

School leadership team work in consultation with Student Support Network to address persistent or ongoing serious unacceptable behaviour. This may include:

- Functional Behaviour Assessment based Individual Support Plan
- Complex case management and review
- Stakeholder meeting with parents and external agencies, including regional specialists
- Temporary removal of student property (e.g. mobile phone)
- Short term suspension (up to 10 school days)
- Long term suspension (up to 20 school days)
- Charge related suspension (student has been charged with a serious criminal offence and is suspended from school until the charge has been dealt with by the relevant justice authorities)
- Suspension pending exclusion (student is suspended from school pending a decision by the Director-General or delegate (Principal) about their exclusion from school)
- Exclusion (student is excluded from a particular state school site, a group of state schools or all state schools in Queensland for a defined period of time or permanently)
- Cancellation of enrolment for students older than compulsory school age who refuse to participate in the educational program provided at the school.

School Disciplinary Absences

A School Disciplinary Absence (SDA) is an enforced period of absence from attending a Queensland state school, applied by the Principal as a consequence to address unacceptable student behaviour. There are four types of SDA:

- Short suspension (1 to 10 school days)
- Long suspension (11 to 20 school days)

- Charge-related suspension
- Exclusion (period of not more than one year or permanently).

At Kingsthorpe State School, the use of any SDA is considered a very serious decision. It is typically only used by the Principal when other options have been exhausted or the student's behaviour is so dangerous that continued attendance at the school is considered a risk to the safety or wellbeing of the school community.

Parents and students may appeal a long suspension, charge-related suspension or exclusion decision. A review will be conducted by the Director-General or their delegate, and a decision made within 40 school days to confirm, amend/vary or set aside the original SDA decision by the Principal.

The appeal process is a thorough review of all documentation associated with the SDA decision and provides an opportunity for both the school and the family to present their case in the matter. Time is afforded for collection, dissemination and response to the materials by both the school and the family. It is important that the purpose of the appeal is understood so that expectations are clear, and appropriate supports are in place to ensure students can continue to access their education while completing their SDA.

Re-entry following suspension

Students who are suspended from Kingsthorpe State School may be invited to attend a re-entry meeting on the day of their scheduled return to school. The main purpose of this meeting is to welcome the student, with their parent/s, back to the school. It is **not a time** to review the student's behaviour or the decision to suspend, the student has already received a consequence through their disciplinary absence from school. The aim of the re-entry meeting is for school staff to set the student up for future success and strengthen home-school communication.

It is expected that the student and their parent(s) attend a re-entry meeting. It is offered as a support for the student to assist in their successful re-engagement in school following suspension.

Arrangements

The invitation to attend the re-entry meeting will be communicated via telephone and in writing, usually via email. Re-entry meetings are short, taking less than 10 minutes, and kept small with only the Principal or their delegate, Classroom Teacher, student and parent/carer attending.

A record of the meeting is saved in OneSchool, under the Contact tab, including any notes or discussions occurring during the meeting.

Structure

The structure of the re-entry meeting should follow a set agenda.

Possible agenda:

- Welcome back to school
- Check in on student wellbeing
- Discuss any recent changes to school routine or staffing
- Offer information about supports available (e.g. Guidance Officer)
- Thank student and parent/s for attending
- Walk with student to classroom

Reasonable adjustments

In planning the re-entry meeting, school staff will consider reasonable adjustments needed to support the attendance and engagement of the student. This includes selecting an appropriate and accessible meeting space, organising translation or interpretation services or supports (e.g. AUSLAN), provision of written and/or pictorial information and other relevant accommodations. The inclusion of support staff, such as Guidance Officers or Community Education Counsellors, may also offer important advice to ensure a successful outcome to the re-entry meeting.

School Policies

Kingsthorpe State School has tailored school discipline policies designed to ensure students, staff and visitors work cooperatively to create and maintain a supportive and safe learning environment. Please ensure that you familiarise yourself with the responsibilities for students, staff and visitors outlined in the following policies:

- Temporary removal of student property
- Use of mobile phones and other devices by students
- Preventing and responding to bullying
- Appropriate use of social media

Temporary Removal of Student Property

The removal of any property in a student's possession may be necessary to promote the caring, safe and supportive learning environment of the school, and to maintain and foster mutual respect between all state school staff and students. The **Temporary Removal of Student Property by School Staff Procedure** outlines the processes, conditions and responsibilities for state school principals and school staff when temporarily removing student property.

In determining what constitutes a reasonable time to retain student property, the Principal or state school staff will consider:

- the condition, nature or value of the property
- the circumstances in which the property was removed
- the safety of the student from whom the property was removed, other students or staff members
- good management, administration and control of the school.

The Principal or school staff determine when the temporarily removed student property can be returned, unless the property has been handed to the Queensland Police Service.

The following items are explicitly prohibited at Kingsthorpe State School and will be removed if found in a student's possession:

- illegal items or weapons (e.g. guns, knives*, throwing stars, brass knuckles, chains)
- imitation guns or weapons
- potentially dangerous items (e.g. blades, rope)
- drugs** (including tobacco)
- alcohol
- aerosol deodorants or cans (including spray paint)
- explosives (e.g. fireworks, flares, sparklers)
- flammable solids or liquids (e.g. fire starters, mothballs, lighters)
- poisons (e.g. weed killer, insecticides)
- inappropriate or offensive material (e.g. racist literature, pornography, extremist propaganda).

* No knives of any type are allowed at school.

** The administration of medications to students by school staff is only considered when a prescribing health practitioner has determined that it is necessary or when there is no other alternative in relation to the treatment of a specific health need. Schools require medical authorisation to administer any medication to students (**including over-the-counter medications such as paracetamol or alternative medicines**).

Responsibilities

State school staff at Kingsthorpe State School:

- do not require the student's consent to search school property such as desks or laptops that are supplied to the student through the school;
- may seize a student's bag where there is suspicion that the student has a dangerous item (for example, a knife) in their school bag, prior to seeking consent to search from a parent or calling the police;
- require consent from the student or parent to examine or otherwise deal with the temporarily removed student property. For example, staff who temporarily remove a mobile phone from a student are not authorised to unlock the phone or to read, copy or delete messages stored on the phone;
- where necessary, during emergency circumstances, can search a student's property without the student's consent or the consent of the student's parents (e.g. to access an EpiPen for an anaphylactic emergency);
- require consent from the student or parent to search the person of a student (e.g. pockets or shoes). If consent is not provided and a search is considered necessary, the police and the student's parents should be called to make such a determination.

Parents of students at Kingsthorpe State School:

- ensure your children do not bring property onto school grounds or other settings used by the school (e.g. camp, sporting venues) that:
 - is prohibited according to the Kingsthorpe State School Student Code of Conduct
 - is illegal
 - puts the safety or wellbeing of others at risk
 - does not preserve a caring, safe, supportive or productive learning environment
 - does not maintain and foster mutual respect;
- collect temporarily removed student property, as soon as possible, after they have been notified by the Principal or state school staff that the property is available for collection.

Students of Kingsthorpe State School

- do not bring property onto school grounds or other settings used by the school (e.g. camp, sporting venues) that:
 - is prohibited according to the Kingsthorpe State School Code of Conduct
 - is illegal
 - puts the safety or wellbeing of others at risk
 - does not preserve a caring, safe, supportive or productive learning environment
 - does not maintain and foster mutual respect;
- collect their property, as soon as possible, when advised by the Principal or state school staff it is available for collection.

Use of mobile phones and other devices by students

Queensland state schools are committed to reducing the distraction of mobile phones and wearable devices to provide optimal learning environments for all students. From Term 1 2024, all state school students must keep their mobile phones switched off and 'away for the day' during school hours. Notifications on wearable devices, such as smartwatches, must be switched off so that phone calls, messages and other notifications cannot be sent or received during school hours.

'Away for the day' aims to:

- provide optimal learning and teaching environments, free from the distractions caused by personal use of mobile phones and wearable devices
- support schools to create safe and supportive learning environments that prioritise student engagement and wellbeing
- encourage increased face-to-face social interactions between students

- promote the health and wellbeing of students by providing opportunities for social interaction and physical activity during break times, and
- reduce the potential for students to be exposed to the negative impacts of the digital world, resulting from unsafe or inappropriate use of technology, such as cyberbullying, accessing harmful content or breaches of personal privacy.

In consultation with the broader school community, Kingsthorpe State School has determined that explicit teaching of responsible use of devices is a critical component of digital literacy. The knowledge and confidence to navigate and use these technologies safely while developing digital literacy is a responsibility shared between parents, school staff and students.

It is also agreed that any devices that are required to be used by students during school hours for educational purposes must be the property of the school. Students are not permitted to use personal devices during school hours, unless authorised by the Principal under special circumstances such as:

- the mobile phone, wearable device or tablet device is used by the student to monitor or manage a medical condition (in accordance with the [Managing students' health support needs at school procedure](#))
- the mobile phone, wearable device or tablet device is used as an agreed reasonable adjustment for a student with disability or learning difficulties
- the mobile phone, wearable device or tablet device is used by the student as an augmentative or alternative communication system or as an aide to access and participate in the environment, e.g. navigation or object/people identification applications
- the mobile phone, wearable device or tablet device is used as an agreed adjustment for a student with English as an additional language or dialect

Responsibilities

The responsibilities for students using mobile phones or other devices at school or during school activities, are outlined below.

It is **acceptable** for students at Kingsthorpe State School to:

- seek Principal and teacher approval where they wish to use a mobile device under special circumstances.
- to bring a mobile phone/wearable device to support safe travel to and from school or make contact with parents/carers **outside of the school day and off the school grounds**

It is **unacceptable** for students at Kingsthorpe State School to:

- use a mobile phone or other devices in an unlawful manner
- download, distribute or publish offensive messages or pictures
- use obscene, inflammatory, racist, discriminatory or derogatory language
- use language and/or threats of violence that may amount to bullying and/or harassment, or even stalking
- insult, harass or attack others or use obscene or abusive language
- deliberately waste printing and internet resources
- damage computers, printers or network equipment
- commit plagiarism or violate copyright laws
- ignore teacher directions for the use of online email and internet chat
- send chain letters or spam email (junk mail)
- knowingly download viruses or any other programs capable of breaching the department's network security

- use in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invade someone's privacy by recording personal conversations or daily activities and/or the further distribution (e.g. forwarding, texting, uploading, Bluetooth use etc.) of such material
- use a mobile phone (including those with Bluetooth functionality) to cheat during exams or assessments
- take into or use mobile devices at exams or during class assessment unless expressly permitted by school staff.

If a student brings a mobile phone to school, it must be brought immediately to the school office where it will be stored safely for the day. It is recommended that parents provide a named, protective case for the device. Smartwatches are not recommended; if worn, notifications must be switched off so messages are not received during the school day. The school does not take responsibility for any damage to these devices.

At all times students, while using ICT facilities and devices supplied by the school, will be required to act in line with the requirements of the Kingsthorpe State School Student Code of Conduct. In addition, students and their parents should:

- understand the responsibility and behaviour requirements (as outlined by the school) that come with accessing the department's ICT network facilities
- ensure they have the skills to report and discontinue access to harmful information if presented via the internet or email
- be aware that:
 - access to ICT facilities and devices provides valuable learning experiences for students and supports the school's teaching and learning programs
 - the school is not responsible for safeguarding information stored by students on departmentally-owned student computers or mobile devices
 - schools may remotely access departmentally-owned student computers or mobile devices for management purposes
 - students who use a school's ICT facilities and devices in a manner that is not appropriate may be subject to disciplinary action by the school, which could include restricting network access
 - despite internal departmental controls to manage content on the internet, illegal, dangerous or offensive information may be accessed or accidentally displayed
 - teachers will always exercise their duty of care, but avoiding or reducing access to harmful information also requires responsible use by the student

Preventing and responding to bullying

Purpose

Kingsthorpe State School strives to create positive, predictable environments for all students at all times of the day. The disciplined and teaching environment that we are creating is essential to:

- achieving overall school improvement, including the effectiveness and efficiency of our student support procedures
- raising achievement and attendance
- promoting equality and diversity and
- ensuring the safety and well-being of all members of the school community.

There is no place for bullying in Kingsthorpe State School. Those who are bullied and those who bully are at risk for behavioural, emotional and academic consequences. These outcomes are in direct contradiction to our school community's goals and efforts for supporting all students.

Bullying behaviours that will not be tolerated at Kingsthorpe State School include persistent name-calling, taunting, making threats, mocking, making offensive comments, kicking, hitting, pushing,

taking belongings, inappropriate text messaging, sending offensive or degrading images by phone or internet, producing offensive graffiti, gossiping and spreading hurtful and untruthful rumours.

At Kingsthorpe State School there is broad agreement among students, staff and parents that bullying is an observable and measurable behaviour. When considering whether or not bullying has occurred, we will therefore avoid speculation on the intent of the behaviour and the power of individuals involved. Whether bullying behaviour is observed between students of equal or unequal power, or whether or not the persons involved cite intimidation, revenge, or self-defence as a motive, the behaviour will be responded to in similar fashion, that is, as categorically unacceptable in the school community.

Rationale

Many bullying behaviours are peer-maintained through the actions of bystanders. That is, peers react to bullying in ways that may increase the likelihood of it occurring again in the future. Reactions include joining in, laughing, or simply standing and watching, rather than intervening to help the person being bullied. Whilst our school would never encourage students to place themselves at risk, our anti-bullying procedures involve teaching the entire school a set of safe and effective responses to all unacceptable behaviour, including bullying, in such a way that those who bully are not socially reinforced for demonstrating it.

The anti-bullying procedures at Kingsthorpe State School are an addition to our school wide positive behaviour support processes. This means that all students are being explicitly taught the expected school behaviours and receiving high levels of social acknowledgement for doing so. Adding lessons on bullying and how to prevent and respond to it is a subset of procedures that our students are accustomed to.

Prevention

Attempting to address specific unacceptable behaviours will not be successful if the general level of disruptive behaviour in all areas of our school is not kept to a low level. Therefore, our school wide universal behaviour support practices will be maintained at all times.

This will ensure that:

- Our universal behaviour support processes will always remain the primary strategy for preventing unacceptable behaviour, including preventing the subset of bullying behaviour
- All students know the 3 school expectations and have been taught the expected behaviours attached to each, in all areas of the school
- All students have been or are being taught the specific routines in the non-classroom areas, from exiting the classroom, conducting themselves in accordance with the school expectations in the playground and other areas, to re-entering their classrooms
- All students are receiving high levels of positive reinforcement for demonstrating expected behaviours, including those associated with following our routines, from all staff in the non-classroom areas of the school
- A high level of quality active supervision is a permanent staff routine in the non-classroom areas. This means that duty staff members are easily identifiable and are constantly moving, scanning and positively interacting as they move through the designated supervision sectors of the non-classroom areas.

Kingsthorpe State School records inappropriate behaviour and uses behavioural data for decision-making. This data is entered into 'One School' as it occurs, and can be recalled as summary reports at any time. This facility allows the school to track the effectiveness of its anti-bullying process, to make any necessary adjustments, and to identify specific bullying behaviours that may need to be revisited or revised in the instructional process.

Bullying

The agreed national definition for Australian schools describes bullying as:

- ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm;
- involving an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening;
- happening in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records);
- having immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Behaviours that do not constitute bullying include:

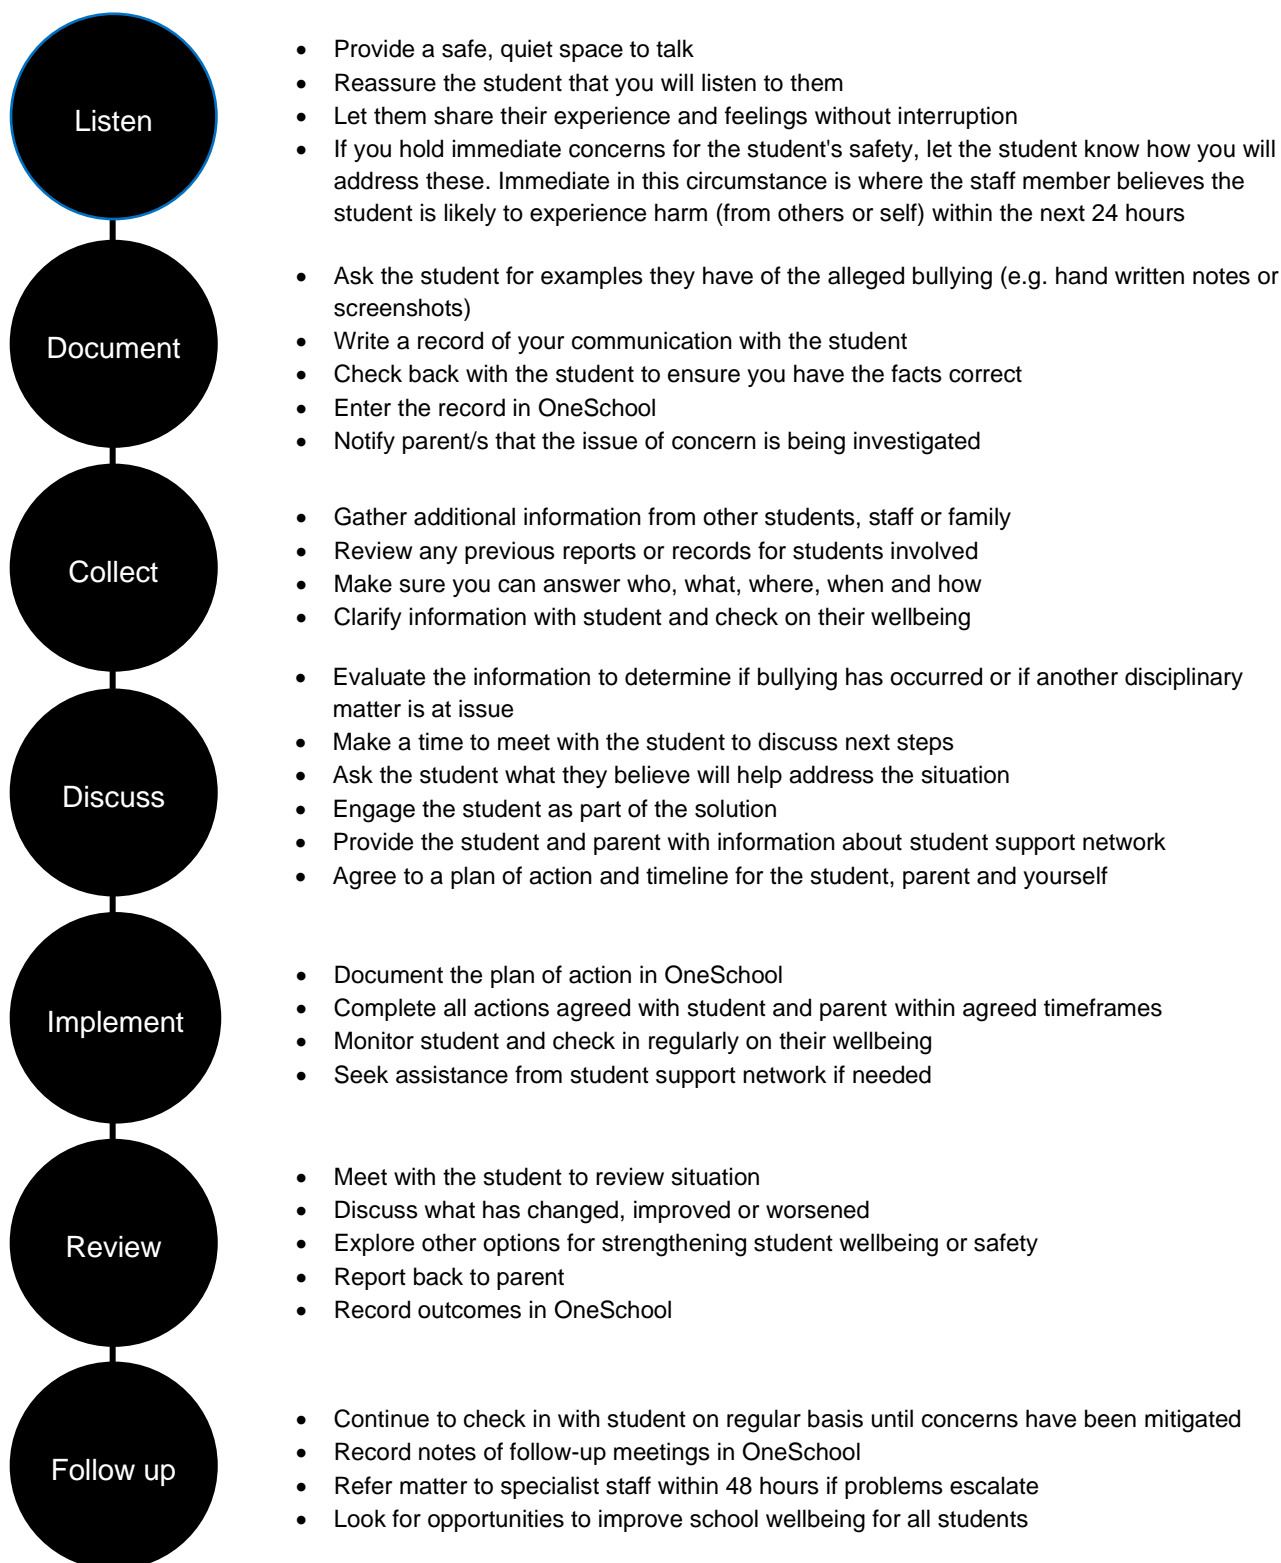

- mutual arguments and disagreements (where there is no power imbalance)
- not liking someone or a single act of social rejection
- one-off acts of meanness or spite
- isolated incidents of aggression, intimidation or violence.

However, these conflicts are still considered serious and need to be addressed and resolved. At Kingsthorpe State School our staff will work to quickly respond to any matters raised of this nature in collaboration with students and parents.

The following flowchart explains the actions Kingsthorpe State School teachers will take when they receive a report about student bullying, including bullying which may have occurred online or outside of the school setting. Please note that the indicative timeframes will vary depending on the professional judgment of teachers who receive the bullying complaint and their assessment of immediate risk to student/s.

KINGSTHORPE STATE SCHOOL - Bullying response flowchart for teachers

Please note these timelines may be adjusted depending on the unique circumstances and risk associated with each situation. This is at the professional judgment of the staff involved. Timeframes should be clearly discussed and agreed with student and family.

Cyberbullying

Cyberbullying is treated at Kingsthorpe State School with the same level of seriousness as in-person bullying. The major difference with cyberbullying however, is that unlike in-person bullying, cyberbullying follows students into their community, their homes and their bedrooms, giving them no opportunity to escape the harassment or abuse during the evening, weekends or holidays.

In the first instance, students or parents who wish to make a report about cyberbullying should approach the regular class teacher.

It is important for students, parents and staff to know that state school principals have the authority to take disciplinary action to address student behaviours that occur outside of school hours or school grounds. This includes cyberbullying. Parents and students who have concerns about cyberbullying incidents occurring during school holidays should immediately seek assistance through the Queensland Police Service.

Students enrolled at Kingsthorpe State School may face in-school disciplinary action, such as detention or removing of privileges, or more serious consequences, such as suspension or exclusion from school for engaging in behaviour that adversely affects, or is likely to adversely affect, other students or the good order and management of the school. This includes behaviour such as cyberbullying which occurs outside of school hours or settings, for example on the weekend or during school holidays. It also applies to inappropriate online behaviour of enrolled students that is directed towards other community members or students from other school sites.

Parents or other stakeholders who engage in inappropriate online behaviour towards students, staff or other parents may be referred to the Queensland Police Service. State school staff will be referred for investigation to the Integrity and Employee Relations team in the Department of Education, should the need arise. Any questions or concerns about the school process for managing or responding to cyberbullying should be directed to the Principal.

Kingsthorpe State School - Cyberbullying response flowchart for School Staff

How to manage online incidents that impact your school

Student protection

If at any point the principal forms a reasonable suspicion that a student has been harmed or is at risk of harm, they have a responsibility to respond in accordance with the [Student protection procedure](#).

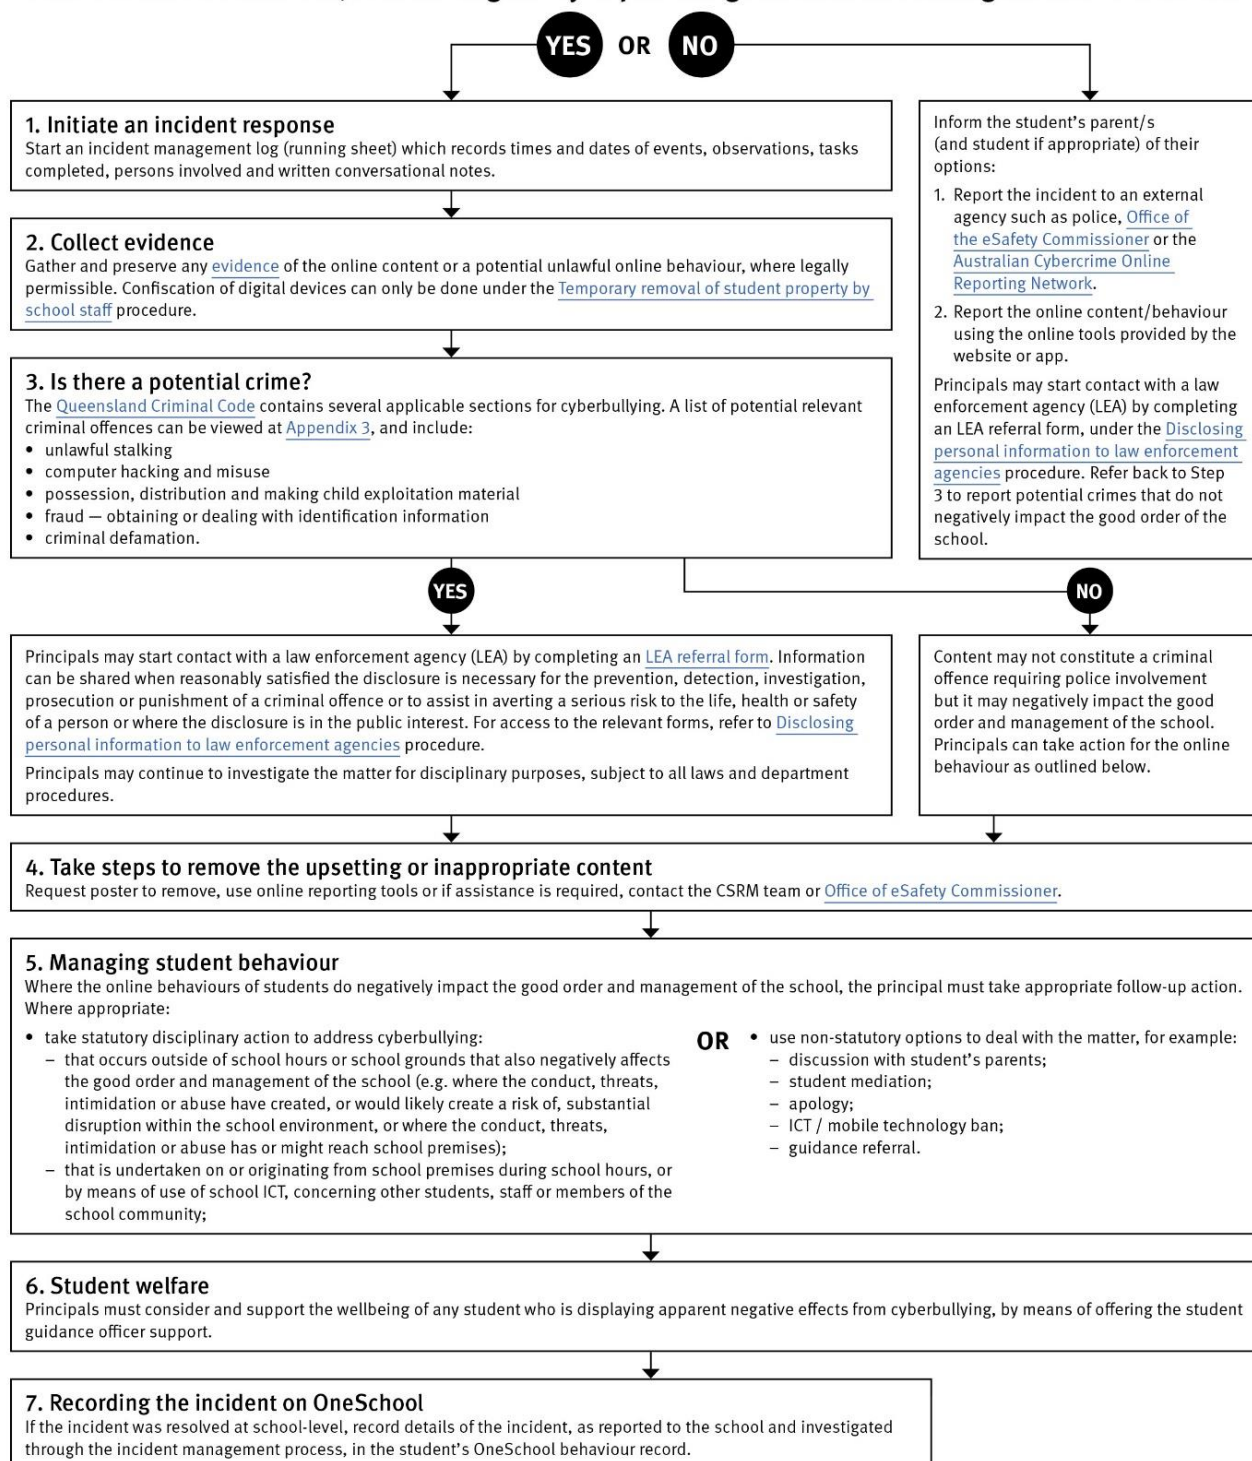

Explicit images

If the investigation involves naked or explicit images of children, staff should not save, copy, forward or otherwise deal with the content, as per the [Temporary removal of student property by school staff procedure](#). This includes onto OneSchool records. Refer to the investigative process outlined in 'Responding to incidents involving naked or explicit images of children' from the [Online Incident management guidelines](#).

Report

Refer to the [Online incident management guidelines](#) for more details, or if assistance is required, contact the Cybersafety and Reputation Management (CSRM) team on 3034 5035 or Cybersafety.ReputationManagement@qed.qld.gov.au.

Does the online behaviour/incident **negatively impact the good order and management of the school?**

The Department of Education employs a dedicated team of experts to assist in maintaining the integrity of the department's reputation with regards to cybersafety and reputation management issues, effectively leading the development and implementation of departmental cybersafety processes.

This team provides **direct support for schools** to respond to concerns of inappropriate online behaviour and misuse of information and communication technology.

The team provides a [guide for parents](#) with important information about cybersafety and cyberbullying, and suggestions about what you can do if your child is a target or responsible for inappropriate online behaviour.

The team has also developed a [Cyberbullying and reputation management](#) (Department employees only) resource to assist principals in incident management.

For more information about cybersafety sessions at your school, or for assistance with issues relating to online behaviour, contact the [team](#) (Department employees only).

Student Intervention and Support Services

Kingsthorpe State School recognises the need to provide intervention and support to all students involved in incidents of bullying, including cyberbullying.

Students who have been subject or witness to bullying have access to a range of internal support staff. Students are, however, also encouraged to approach any staff member with whom they feel comfortable sharing their concerns, regardless of their role in the school. All staff at Kingsthorpe State School are familiar with the response expectations to reports of bullying, and will act quickly to ensure students' concerns are addressed. Depending on the nature of the reported bullying incident, a formal plan of action may be developed and documented to support the implementation of strategies to assist the student.

Students who engage in bullying behaviours towards others will also be provided with support to assist them to use more socially acceptable and appropriate behaviours in their interactions. This includes counselling, social development programs, referral to mental health services or involvement in a restorative justice strategy. School disciplinary measures may also be used to reinforce the seriousness with which the community takes all incidents of bullying. These measures may include internal school suspension, withdrawal from social events or celebrations or more severe consequences such as suspension or exclusion from school.

Kingsthorpe State School – Anti-Bullying Compact

The Anti-Bullying Compact provides a clear outline of the way our community at Kingsthorpe State School works together to establish a safe, supportive and disciplined school environment. This compact is provided to all students and their parents upon enrolment, and may be revisited with individual students if particular situations around bullying arise.

Kingsthorpe State School – Anti Bullying Compact

We agree to work together to improve the quality of relationships in our community at Kingsthorpe State School. It is through intentional consideration of our behaviour and communication that we can reduce the occurrence of bullying and improve the quality of the schooling experience for everyone.

The agreed national definition for Australian schools describes bullying as

- ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm;
- involving an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening;
- happening in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records);
- having immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

We believe that no one deserves to be mistreated and that everyone regardless of race, colour, religion, immigration status, nationality, size, gender, popularity, athletic capability, academic outcomes, social ability, or intelligence has the right to feel safe, secure, and respected.

I agree to:

- Treat everyone with kindness and respect.
- Abide by the school's anti-bullying policies and procedures.
- Support individuals who have been bullied.
- Speak out against verbal, relational, physical bullying and cyber bullying.
- Notify a parent, teacher, or school administrator when bullying does occur.

The internet, mobile phones and social media provide wonderful opportunities for students to network and socialise online. While these technologies provide positive platforms for sharing ideas, they also have the potential to cause pain and suffering to individuals, groups or even whole communities.

It's important to remember that sometimes negative comments posted about the school community have a greater impact than expected. This guide offers some information about how to use social media in relation to comments or posts about the school community. Reputations of students, teachers, schools, principals and even parents can be permanently damaged — and in some cases, serious instances of inappropriate online behaviour are dealt with by police and the court system.

Being aware of a few simple strategies can help keep the use of social media positive and constructive:

- Before you post something online, ask yourself if the community or individual really need to know. Is it relevant, positive and helpful?
- Remember that what you post online is a direct reflection of who you are. People will potentially form lasting opinions of you based on what you post online.
- Be a good role model. If things get heated online consider logging out and taking a few moments to relax and think. Hasty, emotive responses could inflame situations unnecessarily.
- Be mindful when commenting, try to keep general and avoid posting anything that could identify individuals.
- A few years ago, parents may have discussed concerns or issues with their friends at the school gate. Today with the use of social media, online discussions between you and your close friends can very quickly be shared with a much wider audience, potentially far larger than intended.
- Taking a few moments to think about the content you are about to post could save upset, embarrassment, and possible legal action.
- As a parent you have a role in supervising and regulating your child's online activities at home and its impact on the reputation and privacy of others. Parents are their child's first teachers — so they will learn online behaviours from you.

Is it appropriate to comment or post about schools, staff or students?

Parental and community feedback is important for schools and the department. If you have a compliment, complaint or enquiry about an issue at school, the best approach is to speak directly to the school about the matter, rather than discussing it in a public forum.

While many schools use social media to update parents of school notices, the department prefers that parents contact schools directly with a compliment, complaint or enquiry due to privacy considerations. Imagine if your doctor, accountant or banking institution tried to contact you to discuss important matters via Facebook.

If you have raised an issue with a school or know that another person has, consider refraining from discussing those details on social media, particularly the names of anyone involved.

Keep comments calm and polite, just as you would over the telephone or by email. If you encounter negative or derogatory content online which involves the school, hinders a child's learning and/or affects the school community at large, contact the school principal.

Possible civil or criminal ramifications of online commentary

A serious instance of inappropriate online behaviour may constitute a criminal offence and become a police matter. For example, online content may substantiate the offence of 'using a carriage service to menace, harass or cause offence' (Criminal Code Act 1995 (Cth) s. 474.17). School staff may contact their union or obtain personal legal advice if they feel that online content seriously impacts their reputation. Defamatory online content may give rise to litigation under the Defamation Act 2005 (Qld).

What about other people's privacy?

If you upload photos of your children, be mindful of who might be in the background. You might be happy to share your child's successes with your friends and family via social media, but some parents are not. If you are tagging or naming students, consider that other parents may not want their child's name attached to images online.

What if I encounter problem content?

Taking the following steps may help resolve the issue in a constructive way:

- refrain from responding
- take a screen capture or print a copy of the concerning online content
- if you consider problem content to be explicit, pornographic or exploitative of minors, you should keep a record of the URL of the page containing that content but NOT print or share it. The URL can be provided to the school principal, or police, as needed for escalation of serious concerns
- block the offending user
- report the content to the social media provider.

Restrictive Practices

School staff at Kingsthorpe State School need to respond to student behaviour that presents a risk of physical harm to the student themselves or others. It is anticipated that most instances of risky behaviour can be de-escalated and resolved quickly. On some rarer occasions, a student's behaviour may continue to escalate and staff need to engage immediately with positive and proactive strategies aimed at supporting the student to manage their emotional arousal and behaviour.

In some very rare situations, where there is immediate risk of physical harm to the student or other people, and when all other alternative strategies have failed to reduce the risk, it may be necessary for staff to use restrictive practices.

The use of restrictive practices will always be as a last resort, when there is no other available option for reducing immediate risk to the student, staff or other people. Restrictive practices are not used for punishment or as a disciplinary measure.

The department's [Restrictive Practices Procedure](#) is written with consideration for the protection of everyone's human rights, health, safety and welfare. There are six fundamental principles:

- Regard to the human rights of those students
- Safeguards students, staff and others from harm
- Ensures transparency and accountability
- Places importance on communication and consultation with parents/ carers
- Maximises the opportunity for positive outcomes, and
- Aims to reduce or eliminate the use of restrictive practices.

Very rarely restrictive practices will be planned and staff will employ, when necessary, pre-arranged strategies and methods (of physical restraint/ mechanical restraint/ clinical holding) which are based upon behaviour risk assessment or clinical health need and are recorded in advance. The use of planned strategies will only be where there is foreseeable immediate risk consistent with the Restrictive practices procedure.

Seclusion will not be used as a planned response and will only be used in serious circumstances for managing an unforeseeable situation in an emergency. It will be used for the shortest time possible

and in a safe area that presents no additional foreseeable risk to the student. In such emergencies, a staff member will observe the student at all times and seclusion will cease as soon as possible.

Following the use of any restrictive practice, a focused review will help staff to understand how they responded to the risk in any incident that involved the use of a restrictive practice. Staff will consider whether there are other options for managing a similar situation in the future. This strategy works well for reducing the use of restrictive practices.

All incidents of restrictive practices will be recorded and reported in line with departmental procedures.

Bell Times

Before 8:30 – Green Zone or OSHC

8:30 – 8:45 – Blue Zone or OSHC

8:45 – Morning Session

11:00 – First Break

11:25 – End First Break

11:30 – Middle Session

1:00 – Second Break Play

1:20 – Second Break Eating

1:40 – End Second Break

1:45 – Afternoon Session

3:00 – End of day

Green Zone

- I sit calmly and quietly
- I have my bag with me

Moving from Green Zone to Blue Zone

- I follow all directions from the Teacher Aide on duty
- I line up quietly at the door to the Green Zone
- I walk calmly down to the Blue Zone

Blue Zone

- I sit quietly
- I have my bag with me
- I wear a hat if I am not undercover
- I ask permission to go to the toilet or get a drink

When the first bell goes

- If I need to go to the toilet or get a drink, I go there quickly and quietly
- I walk straight to class and place my bag neatly on the port racks
- I line up quietly before the next bell goes

Late to school

- If I arrive after the 8:45 bell, I need to go straight to the office
- I say good morning to the Office Ladies and ask politely for a late slip

Late to class

- I knock on the door and wait for my teacher to ask me to enter
- I say good morning and give my late slip to my teacher

After school

- I walk quickly and quietly to my collection area or OSHC

Bike Racks

- When I am inside the school grounds, I walk next to my bike/scooter
- I place my bike/scooter appropriately in the racks
- I only touch my bike/scooter

Port Racks

- I wait to take my turn to put my bag away in the correct area
- I only touch my bag and leave appropriate space between my bag and other student's bags
- I make sure to place all my belongings inside my bag and have the zipper closed

Example Behaviour Contract

Be Safe, Be Respectful, Be Responsible
